STATEMENT CONCERNING SUBSTITUTE SPECIFICATION

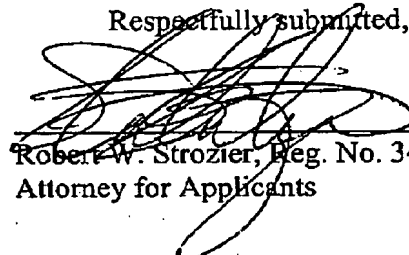

Applicant's attorney hereby states that the substitute specification includes a rearrangement of the PCT application to place the application in US format. No new matter was added.

Applicant's attorney has also inserted the contents to claims where they were referred to in the PCT application. These insertions were substantially word for word from the claims, with the exceptions that English spelling were corrected and "said" was change to "the".

All other changes in the application relate to either the addition of paragraph number or the moving around of paragraphs so that the outlay of the application conforms to US practice.

Date: August 7, 2007

Respectfully submitted,
